1 Report of the national workshop on internet voting: issues and research
  agenda
  C. D. Mote, Jr.
  May 2000 dg.o '00: Proceedings of the 2000 annual national conference on Digital
            government research
  Publisher: Digital Government Research Center
  Full text available: 🔲 pdf(539.99 KB) Additional Information: full citation, abstract

  Bibliometrics: Downloads (6 Weeks): 31, Downloads (12 Months): 126, Citation Count: 0
     As use of the Internet in commerce, education and personal communication has
     become common, the question of Internet voting in local and national elections
     naturally arises. In addition to adding convenience and precision, some believe that
     Internet ...
